YOUNG PEOPLE'S

PERSPECTIVE

LGS
Vocational

Centre

Who are we?

Landrat-Gruber-Schule (LGS) in Dieburg, a highly differentiated vocational centre, qualifies as it is accustomed in Germany in part-time and full-time, in fields such as

- ✓ metal processing
- ✓ electronics
- ✓ timber processing
- ✓ paint processing
- ✓ hygiene and body care
- ✓ nutrition and house-care
- ✓ commerce and industry
- ✓ social pedagogy and sociology

At our centre we offer all school-leaving qualifications and educational achievements from CSE to secondary modern school and to Abitur.

About 1800 pupils and students are educated by 110 full-time and sideline teachers.

Our special rooms, workshops, bureaus and garages get a constant updating and adaptation according to new technological development

What are our goals?

- We want to present an attractive and fit-for-future provision of training benefits for the young people of our region.
- We want to present competence and educational opportunities that are necessary for shaping our world of work and its society in responsibility towards human, social and ecological rights.
- We want to be a humane and aesthetic area to learn and live in. We want the young people to feel at ease and like to be in the form of their school

Who joins us?
